through the villainy of the spy. The latter, too, is melted out in a just fate through circumstances, which land him in a trap of his own creation, where death overtakes him.

The care with which the pictures and story were prepared, the scenic embellishments employed, including the use of a fleet of modern battleships, and the splendid action, lift the production so far from the commonplace that it will long be regarded as a standard by which the more ambitious screen offerings will be judged.

Two matinees will be given daily, at 2 and 3:30, and two performances every evening, at 7:30 and 9 o'clock. The theatre will be opened in the afternoon at 1:30 and at 7 o'clock in the evening.

Colonial Bill. The bill, "The Colonial for the week beginning Monday is one of great promise, the diversity of the program being most attractive. On account of several changes in the original bookings, the feature act cannot be announced in this column, but from the general character of the four acts already booked for the first half of the week, much may be expected of the remainder of the bill.

Graves and Richards, said to be among the best shooting and playing acts seen at the Colonial, will hold a prominent place during the first half of the week. Miss Grover is a comedienne of some reputation and her set of songs will be entirely new. Ray Randall will enter his novelty, the flying ventriloquist machine. Randall is one of the youngest of ventriloquists, and his act is said to be meritorious.

Peppy Dougherty is a dainty and pretty and will offer a selection of new songs that should prove satisfying to Colonial audiences.

Frank McKee and company, who were seen here when the Colonial was playing high-priced vaudeville, will offer their sharp-shooting act, which is regarded as the best of its kind.

The Hearst-Selig News Pictorial will feature the picture program with happenings of interest gleaned from all parts of the earth, and there will be a complete change of program on Thursday, when five new acts of vaudeville and motion pictures will be the attraction.

Elbert Hubbard to Lecture. Now comes Fra Elbertus, possibly better known by his real name, Elbert Hubbard, who will give one of his inspiring talks next Friday night at the Jefferson Auditorium. The Fra will deliver his famous lecture on "Getting Together," which subject will be most thoroughly appreciated by a Richmond audience, as such marked evidence of this spirit has been evinced so often in this city.

The lecture is given under the auspices of the Richmond Advertisers Club, and the proceeds will be used in advertising Richmond by a live delegation at the convention of the Associated Advertising Clubs of America, which will be held next month at Toronto, Canada.

Elbert Hubbard is one of the most prominent characters on the American lecture stage and in many respects is unique.

His lecture is inspirational and intensely interesting and entertaining, and a packed house will no doubt welcome him.

Movies at Baseball Park. Next Saturday night at 8 o'clock the famous baseball park will be opened for first-class motion pictures. This will prove a delightful innovation in the exhibition of moving pictures in Richmond, for the park contains 7,000 seats, all of which will be cooled by nature's fan.

for their servants on the Sabbath, and to help them fulfill their religious duties, and pay laborers so they may have Saturday afternoon to make provision for the Sabbath.

EMPHATIC CONDEMNATION OF SUNDAY NEWSPAPER. "That the general assembly reiterates its emphatic condemnation of the Sunday newspaper, and urges the members of the Presbyterian Church to refuse to subscribe for it or read it, or advertise in it."

"That the faculties of colleges and seminaries, if the way be clear, be requested to omit recitations on Monday mornings, so as to leave the Sabbath free from the necessity of students preparing their lessons on that day."

"That a Sabbath observance committee be organized in each synod and presbytery."

Several commissioners objected to a paragraph in the report stating that the closing of the post-office on Sunday had resulted in a financial saving to the government, on the ground that the churches had urged the reform for moral and not financial reasons.

Final action on the report was deferred.

CUMBERLAND PRESBYTERIANS TO MEET NEXT IN MEMPHIS. Waterson, Okla., May 23.—The selection of Memphis, Tenn., for the place of the 1915 general assembly, the passing of messages of greeting to other religious organizations, now holding their conventions, and discussion of reports of committees marked to-day's session of the General Assembly of the Cumberland Presbyterian Church here.

A noticeable feature of the meeting was the failure to extend greetings to the Northern Presbyterian assembly, meeting at Chicago. Messages were sent to the Southern Presbyterian at Kansas City, the Associated Reform Presbyterians at Louisville, Ky., and the Methodist Episcopal Church, South, at Oklahoma City.

It was announced to-day that the committee on schools was considering a recommendation to establish a theological seminary devoted entirely to education of men for the ministry of the church. The report made Friday, it was explained, favored the colleges at McKendree, Tenn., and Leonard, Texas, as the two schools of literature to be supported by the church.

SENATOR W. O. BRADLEY DIES AFTER LONG ILLNESS

One of Most Distinguished Republican Leaders of Kentucky in His Generation.

Washington, May 23.—William O. Bradley, United States Senator from Kentucky, died here at 9:15 P. M. after a lingering illness, aggravated by a fall.

Senator Bradley was one of the most distinguished Republican leaders of Kentucky in his generation, a man of unusual ability, for sixty years he had been prominently before the people of his State and the nation.

Born in 1847 he was only fourteen years of age when the War Between the States was declared. Twice he ran away from home to join the Union Army only to be taken from the ranks by his father because of extreme youth. As a page of the lower House of the Kentucky Legislature he attracted such attention that at the age of eighteen years a special act was passed by the Legislature, enabling him to practice law. He proved his qualifications before an examining committee. He attended the committee of his qualifications and made law his profession.

Passed with a strong Democratic majority in his State, Mr. Bradley often suffered defeat for office. Twice he was defeated for Congress and four times for United States Senator, after receiving the nomination of his party. In 1897 he was defeated for Governor, but retained the Democratic majority of the preceding gubernatorial campaign from 1895 to 1900. This time the shift led to his prominence as a vice-presidential candidate the following year.

In 1900 Senator Bradley was elected Governor of Kentucky. Victory again settled on his banner in 1903, when a Democratic Legislature by eight votes after a deadlock, finally elected him to the Senate. His term would have expired March 3, 1915.

His last speech was delivered in May 4 when he spoke against the repeal of Panama Canal exemption law.

Dwelling House Burned. An alarm of fire was turned in this morning shortly before 2 o'clock from Oliver and Clay Streets. A small brick dwelling and several outbuildings in rear of 81 West Marshall Street, were burned, the total damage being about \$20.

The house was occupied by William Johnson, colored, and was owned by Mrs. Colla Ross. There was no insurance.

AGED ELK MEETS DEATH. Inmate of National Home at Bedford City Perishes in Flames.

[Special to The Times-Dispatch.] Bedford City, Va., May 23.—James L. Tindall, aged seventy-five years, met a horrible death at 3 o'clock this afternoon by burning. He was a resident of the National Home, having come to the home from Fremont, Va., at 12 o'clock, and meeting a friend, Mr. Tindall, who recently moved here from Fremont, he accompanied him to his home, a short distance from town, for dinner.

Mr. and Mrs. Tindall, accompanied him to the home and set fire to a brush pile a short distance from Mr. Tindall's home. They returned to the home, and Mr. Tindall, not getting his work, he missed Tindall, and not getting a message when he called he went to investigate and found him in a pile of thick brush, dead.

The funeral will take place on Sunday from the Presbyterian Church. His body will be taken to Fremont, O., for burial.

TAKE REFUGE ON WARSHIP. Prince William Later Returns on Demands of Insurgents.

Durazzo, Albania, May 23.—At 5 o'clock this afternoon the insurgents were close upon Durazzo, and the Italian warship, the Prince of Wales, took refuge aboard the Italian warship, Mourat.

On the approach of the insurgents the international commission in control of the city went out to hold a parley. They returned with representatives of the insurgents, who demanded to see Prince William. The

Skin Health Comes From the Blood

Even Slight Eruptions Such As Acne Should Be Treated.

Pimples and other skin troubles do not alight on the face like fire. They come bubbling out from within. They are impurities. And if let alone or pressed with saives they become chronic, slowly poisoning the cause is still at work within. It should be attacked with S. S. S. and the impurities in the blood thus rendered harmless.

The skin is hit a net work of fine blood vessels. And it is a perfectly natural consequence that any impurity in the blood that is a condition of ill health makes its first appearance in the skin. There are certain medicinal properties that follow the course of the blood stream and the influence of these properties is that of an antidote. This is why S. S. S. the best-known blood purifier, has such a positive action in the skin. There is one ingredient in S. S. S. which peculiarly stimulates cellular or granular activity to select from the blood of from this fine net work of blood vessels in the skin, those elements which it requires for regeneration.

Thus pimples, acne, eczema, lupus, or any other blood condition that attacks the skin or seeks an outlet through the skin is met with the beneficial effect of S. S. S.

This is why skin troubles vanish so readily and why they do not return.

Under the influence of S. S. S. this fine net work of blood vessels in the skin is constantly taking from the blood the impurities needed for healthy tissue and the cause of disease is just as effectively removed, scattered and rendered harmless. These facts are more fully explained in a book on skin troubles sent by The Scott's Emulsion Co., 531 Swift Bldg., Atlanta, Ga. You will find S. S. S. on sale at all drug stores, and a bottle to-day and banish all skin troubles.
